In the market for a new router? Here are 13 models to avoid, according to the FBI - 9to5Mac

Update: The FBI's original directive mistakenly included two models, the E100 and E300. The agency has since revised the list to exclude them, and we've updated this post accordingly. If you were spooked by yesterday's news that thousands of ASUS wireless routers have been compromised by a botnet, and are thinking about buying a new router, here are some models to not add to your cart per a recent FBI advisory. According to a recent report by the agency, hackers are exploiting at least 13 olde...

EXCLUSIVE: Xbox's handheld has been sidelined (for now) - Windows Central

I come to you today with some fresh news about Xbox's handheld plans. Previously, I reported that Microsoft was working on a native Xbox handheld alongside an Xbox Series X successor, planned to launch around 2027. It now seems that Microsoft's priorities have shifted somewhat. Recent updates Just to emphasize here, it's not Xbox's ASUS device "Kennan" that is being pushed back. It's Microsoft's own internal Xbox handheld that has been shelved (for now). I have a variety of codenames for this ...

Despite Black Panther cancellation, EA still has "at least three" Marvel games in the works...

Following EA's decision to pull the plug on its Black Panther game and close the studio making it, the publisher has insisted the move doesn't reflect a change to its partnership with Marvel, and confirmed it still has "at least three" additional Marvel games in development. Little had been revealed of EA's Black Panther game since its announcement in 2023, and word of its cancellation - alongside yet more layoffs at the company - arrived earlier this week. Commenting on the decision to end dev...

Helldivers 2 Players Are Pulling Off Incredible Feats In A Last-Ditch Effort To Save Super...

Helldivers 2's Galactic War has come to Super Earth and it's going very, very badly. Players have lost every major city on the planet save for two, but are making a triumphant last stand against the Illuminate as fans from across the real world band together to hold the line. Hugging Face unveils two new humanoid robots - TechCrunch

AI dev platform Hugging Face continued its push into robotics on Thursday with the release of two new humanoid robots. The company announced a pair of open source robots, HopeJR and Reachy Mini. HopeJR is a full-size humanoid robot that has 66 actuated degrees of freedom, or 66 independent movements, including the ability to walk and move its arms. Reachy Mini is a desktop unit that can move its head, talk, listen, and be used to test AI apps. Meet HopeJr, a full humanoid robot lowering the ba...

iPhone 17 Display Sizes: What to Expect - MacRumors

Apple's iPhone 17 lineup will include four iPhones, and two of those are going to get all-new display sizes. There's the iPhone 17 Air, which we've heard about several times, but the standard iPhone 17 is also going to have a different display size. We've heard a bit about the updated size before, but with most rumors focusing on the iPhone 17 Air, it's easy to forget. Display analyst Ross Young today reiterated the screen sizes expected for the entire iPhone 17 lineup, and it serves as...
